

ZUMA

Zuma is produced using once fired technology, reducing the impact of manufacture on our environment. A fully vitrified body and rolled edges, produces a strong and durable crockery.

We are excited to announce the addition of 2 neutral colours; Bluestone and Mineral that add a fresh and contemporary palette to our existing earthy tones.

All colours can be introduced to your existing table setting or mix and match from the eight colours to create your own innovative style, a natural choice for your tableware.

ZUMA

NEW

BLUESTONE

Strength, durability and innovation are all characteristics of our Zuma ranges. Our new subtle additions feature a neutral brown rim and mild flecks that make this range a standout. Zuma is environmentally friendly with its once-fired manufacturing process creating a fully vitrified durable commercial range.
